UCSD Student Conduct Process

for Student Organizations

OSC Receives and Reviews Report:
The Office of Student Conduct (OSC) receives and investigates incident reports involving Student Organizations. If they find reasonable cause that the Student Conduct Code was violated, the report is forwarded to the Director of the Center for Student Involvement (CSI) or their designee for resolution. Reports may also be resolved through alternative options (e.g. Notice of Inappropriate Conduct, restorative justice, or mediation).

Administrative Resolution Meeting:
The organization meets with the Director of CSI or their designee to discuss the alleged violations involved. There are three possible outcomes: the alleged violations are dismissed, the organization accepts responsibility, or the case is referred to a Student Conduct Review.

Case Dismissed:
If there is not a preponderance of the evidence to sustain all alleged violations, the Director of CSI or their designee will dismiss the allegations with no further consequence to the organization.

Student Organization Accepts Responsibility:
If the organization accepts responsibility for the alleged violations, the Director of CSI or their designee will assign sanctions. The organization may request to reduce the sanctions.

Student Conduct Review:
If the organization does not accept responsibility and the Director of CSI or their designee believes there is a preponderance of the evidence to support the alleged violations, the case is referred to a Student Conduct Review with a Conduct Board or Review Officer.

Appeals Process:
The organization may appeal the Review decision and/or sanctions or the sanctions from the Administrative Resolution meeting to the Office of Student Conduct. Appeals are reviewed by the Assistant Vice Chancellor – Student Life.

Appeal Decision:
The organization is notified of the appeal decision in writing by the Office of Student Conduct. The decision and/or sanction(s) may be affirmed, modified, dismissed, or referred for re-review. All appeal decisions are final.

The organization is found responsible and sanctions are assigned by the Director of CSI or their designee. The organization may appeal the decision and/or request to reduce the sanctions.

The organization is found not responsible. All alleged violations are dismissed with no further consequence to the organization.
