**Living Archive**

Your student is a part of the 2018 cohort of Chancellor’s Associate Scholars at UC San Diego. With now just over 600 students, both current, past, and alumni, CASP is forever changing the landscape at UC San Diego. Providing access, opportunities, support, and services for high academic achieving students who truly encompass diversity – a wide range of different backgrounds with a common goal, to achieve higher education, develop as critical thinkers, and to give back to the communities we represent. Take the time to be part of your student’s documented story, journey, in our living archive project - a collection of stories presented in a way that allows for the expression, exhibition, documentation, and preservation of a sentiment or movement in this particular space in time.

**What is Fiat Lux?**

Fiat lux is Latin and means “Let there be light.” It is the official motto of the University of California system. CASP has adopted this motto as our motto as well, as all our programs and services are geared to your learning, critical thinking, and academic success.
